Visit Before Enrollment

Tour the program before you enroll - free, no obligation

Effective: September 2026 | Reviewed Annually

Choosing a childcare program is an important decision. Country Lane Early Learning welcomes and encourages prospective parents and guardians to visit the classroom and program before enrolling their child, so families can see the space, meet the provider, and ask questions in person.

Our Invitation to Visit

- Prospective families are welcome and encouraged to visit before enrolling, at no cost and with no obligation to enroll.
- A pre-enrollment visit gives families the chance to see the classroom, daily routine, and materials firsthand.
- Visits are an opportunity to meet the provider, ask questions, and get a feel for whether the program is the right fit for their child and family.
- We believe an informed choice leads to a stronger, more confident start for every child.

Scheduling a Visit

- Pre-enrollment visits are scheduled in advance so the provider can give the family her full attention.
- Families can request a visit by emailing sara@countrylaneearlylearning.com or calling (435) 255-8499.
- Visits are generally scheduled during program hours so families can observe the classroom in action, though a before- or after-hours walkthrough can be arranged if needed.
- We ask families to try to schedule a visit at least one day in advance whenever possible.

What to Expect During a Visit

- A tour of the classroom and childcare spaces, including play, learning, meal, and rest areas.
- An overview of the daily schedule, curriculum, and age groups served.
- A chance to review policies, licensing information, and enrollment paperwork.
- Time to ask questions about staffing, safety practices, meals, and anything else important to the family.

After Your Visit

- Families are welcome to schedule a second visit if they would like more time before making a decision.
- There is no pressure to enroll following a visit, and families are welcome to take the time they need to decide.
- Once a family is ready to move forward, the provider will walk them through enrollment paperwork

and next steps.

- Questions after a visit can be directed to Sara Kingston at sara@countrylaneearlylearning.com or (435) 255-8499.
